

Networking/Wifi/colobration - Cisco, Sophos, Check Point, Barracuda, AMP, Rukus

	Firewall, Servers and Hyper converged Solutions, Webspark, Unified Communication & Collaboration, Meraqui, Umberall, Wifi Solutions		Storage - Server and Storage Solution, SAN/ NAS/Unified Storage and Storage Consolidation (HPE, Dell, IBM, HITACHI, Net App)
	Endpoint Security, Encryption, Email, Web Security, mobile Device Management, Network security and UTM products, Cyberoam		Data Storage, Hybrid Cloud and Data Protection Solutions. Data Backup, Recovery and Deduplication
	Next Gen Firewall, Next Gen Threat Prevention, Security Management, Mobile Security		Licensing, SAM, Microsoft 365, Azure Cloud Infrastructure, Active Directory, System Center, Hyper V, Intune, SQL Database and Development tools
	Backup, Disaster recovery and Data management solution for virtual, physical and cloud-based workloads.		Software Asset Management products & services and Mobile Device Management

Hardware/Server/Laptop/Desktop/Datacentre Solution - Nutanix Cisco, HP, DELL EMC, IBM

	Unified Security Management® Cloud & On-premises Security - Asset Discovery & Inventory Vulnerability Assessment, Intrusion Detection, Behavior Monitoring, Siem & Log Management		IT service management, data center automation, performance management, virtualization lifecycle management and cloud computing management.
	Hyper Converged Infrastructure		Modernize Traditional Application Single Interface Management Micro Services Kubernetes
	CA technologies - Privileged Access Management, RSA token (PAM) Service Management		XenApp & XenDesktop, XenMobile, XenServer and NetScaler
	HRMS Solution Required IT help desk Manage engine / Asset explorer		Enterprise Mobility Management
	Docker Amazon Web Service Microsoft Azure Google Cloud Engine Cisco Cloud Centre		EMS(Enterprise Mobility Suite) - Microsoft 365 Windows 10 Migration Information protection
	Hyper Converged Infrastructure, Airwatch (Mobile Device Management), Datacentre virtualization, VDI, Networking and Security and Storage & Availability,		Gsuite, Google Cloud Platform
